* Misidentified on title verso:

- Later 5th Impressions state 'March' instead of 'February'
- The 6th Impression December 1956 is marked as a 5th Impression in error.
- The 9th Impression 1960 is marked 8th Impression in error.

^ One copy seen of this with 7th DJ, seems original (ex-lib with restored DJ previously glued to book)

Eames complained in Nov 1958 and Feb 1959 that FotR was too small
